## **PRODUCT INFORMATION**

## Shift+ Base Stackable four-legged tables.

Frame consisting of partly outward-offset, welded round steel-tube legs with a central casing frame of rectangular steel tube, in each case powder-coated. Tables with 2 glide elements for hard or soft floors and 2 lockable castors. Table heights in accordance with DIN EN 1729.

Table top made of melamine-resin-coated LIGNOpal chipboard with glued-on plastic edge. The edges are rounded (22 mm). Function: The two mirror-inverted concave-convex basic shapes can be combined in a variety of ways into circles, rows and groups. The table can stacked 6 times in the parked position and is fitted with stacking protection on the underside of the casing frame.

Warning: A maximum of 3 stacked (non-loaded) tables may be moved on the castors.

The following material groups are available to choose from: Frame made of steel: M1,2; Top made of LIGNOpal: L1, (white).
